

# FOOTNOTES

First National Bankers Bank is pleased to introduce FOOTNOTES, a new series of online training sessions to enhance the awareness and understanding of significant matters handled by your Operations staff on a daily basis. We know you are being challenged to do more with fewer resources. However, a lean staff and tightened budgets should not prevent you from providing your employees the education they need to perform at their best. Footnotes will help you leverage your training budget by providing Virtual training sessions that can be attended right from your office.

FOOTNOTES is a one-hour webinar with a 45 minute presentation and 15 minute open discussion on the current topic. These **Free** sessions will be held on the **3rd Wednesday of each month at 10:00 a.m. Central Time**. Bankers will be able to join in, listen, take notes, post questions and participate in an open discussion at the end of each session. Participants will use their computer and the Web to follow along with the trainer's live presentation. Prior to each webinar, the registrant will receive an email which includes the information necessary to join the session.

## Sessions Offered

The first three sessions offered will be a three part series on ACH. We recommend attending all three sessions for a full understanding of ACH and NetLink processes. Accredited ACH Professionals (AAP) will receive a Certificate of Completion and earn a total of 3 credits for completing all three sessions.
