

ACH Boot Camp

Compliance Specialist Intermediary Training

Virtual Session

This two-day compliance-based workshop addresses the heightened regulatory concerns in our rapidly changing payments environment. This intermediate-level workshop focusing on risk mitigation explores new ACH Rules and the options to implement these changes successfully. A focused discussion of ACH origination provides you with the vital information needed to formulate a strategy to effectively implement and grow your program while avoiding costly common mistakes. This session also examines an RDFI's liability for all post-death federal benefit payments to help you limit your institution's liability.

Since no ACH compliance training is complete without a discussion of ACH audit and risk management practices and procedures, this interactive Boot Camp provides hands-on compliance training in the areas of ACH audit; risk management; origination; and Federal reclamations.

Seasoned professionals walk away from this intensive two-day class prepared to face the ACH world head on!

Though not required, it is recommended that attendees have 2+ years ACH experience due to the elevated level of discussion.

SESSION TAKEAWAYS INCLUDE:

- ACH Compliance Checklist
- GAP analysis document for evaluation of ACH risk management programs
- And other checklists and quick references

DETAILS

Date: May 20 - 21, 2026
